

MARK GOETZ
Designer & President

Throughout his 25-year career, Mark Goetz has been responsible for creating innovative furniture collections with a classically modern design appeal. He designs high-end conferencing and private office solutions for Nucraft from his studio in Brooklyn, New York. Regardless of the application, Mark remains passionate about innovation, respectful of the environment and ever mindful of human needs.

TOVA

T O V A

Perfectly at home in any conference space, Tova combines the elegance of planar design with surprising strength. The delicate profile is reinforced by a solid inner core that allows for longer-than-average expanses without using additional support. It artfully conceals power and data while maintaining easy access to both, because Tova embraces minimalism without sacrificing productivity. Highlighted by graceful cutback edges and unique leg design, Tova is the ultimate expression of precision craftsmanship and attention to detail.
