

FLEET | NUCRAFT

Whether specified as the mobile version with pivoting top for densely-packed environments, or for a more permanent configuration using elegant materials, Fleet tables deliver high function in a timeless aesthetic.

# FLEET

2011 | Training Table

**TOP MATERIALS:** Veneer and laminate

**TOP EDGE MATERIALS AND PROFILES:** Hardwood (square) and ABS (square)

**LEGS:** C-Leg and T-Leg, powder coated and high polished aluminum

At Nucraft, we believe in beautiful connections. With interior trends. With industrial design leaders. Between craftsmanship and technology. All with the ultimate goal of helping people make connections with each other.

**DESIGNER PROFILE:** JOEY RUITER, J.RUITER DESIGN

Joey Ruiters is redefining expectations in the world of art and design. By pushing the limits to confront established expectations, his designs support everyday function in surprising ways. Joey's eclectic mix ranges from office furniture to sculpture, concept watercraft to household objects.
