Concise and Intuitive
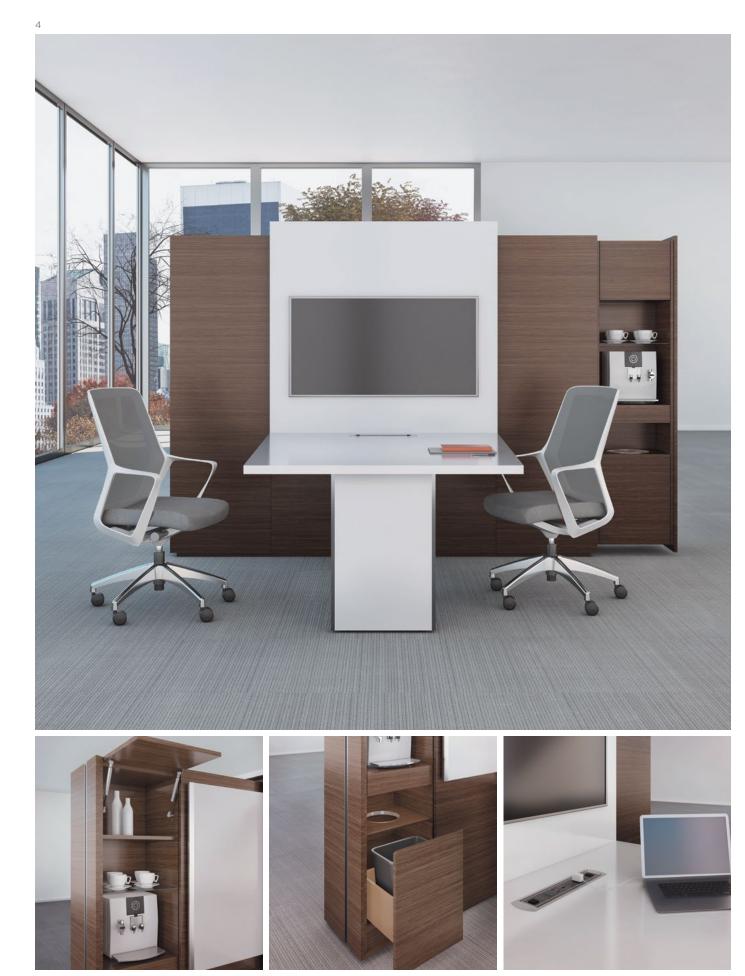

With Slate, you can choose to furnish any workspace with either modular or configured elements. Modular casegoods offer maximum choice and scalability with extensive features and options. Modules combine and integrate as dictated by work and space needs. As change and growth happen, Slate keeps pace. Modules can be swapped out, added, or taken away.
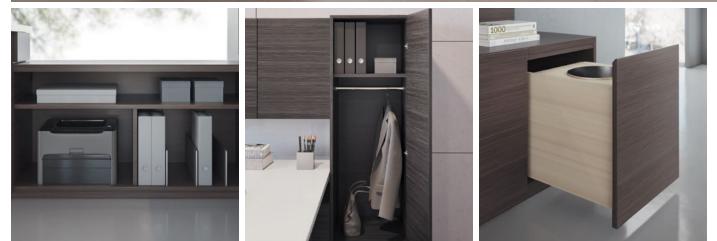

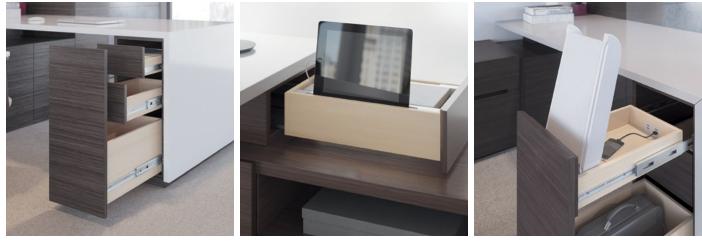

Pull out shelf with storage tray

Power options

Options inspire productivity
Sitting in the same position all day can be hard on your health and even harder on your ability to get work done. Height-adjustable work surfaces and key features make it easy to create a collaborative, personalized environment for every part of a workday.

Thought starters

CSD Studio

Since its inception in 1990, CSD Studio has promoted the belief that good design can inspire people to live, work, and learn better. The studio's collaborative, hands-on work style provides better solutions to address the modern workplace. Unlike other design firms, CSD Studio closely partners with manufacturers to provide documentation, development, marketing, and sales support for each of their designs. Recent awards for CSD Studio's products include Best of Competition at NeoCon, Best of Year award, and Best of NeoCon.
