## FLIRT™

Playing into the informal meeting styles of the workplace today, Flirt Lounge offers a more casual sit with the added benefit of nesting for space-saving requirements. The soft edges along the back and the lower splayed open arms encourage sitting in multiple positions while the interplay of the high-profile cast aluminum legs and the generous, open formed upholstery gives the collection its unique appearance. Offered in two back heights, various base configurations, and with optional flip-up tablet and/or book rack accessories, Flirt maintains its charming personality throughout to easily earn its beloved status.
