VERO

Casual takes on new meaning with Vero, a collection of meeting tables that adds a heightened level of sophistication without all the formalities. Its signature base design is all about delivering power, from the raised pedestal that accommodates floor monuments to its center column for housing cables. Yet, each table remains light in scale and offers a diverse menu of shapes, heights, sizes and finishes to fit in anywhere. A veritable meeting solution for all manners of gathering, Vero makes it easy to achieve purposeful and productive interactions every day.

VERO

Beauty being in the details is also a constant theme with Vero. Table tops feature a multi-dimensional edge that's easy on the eye, smooth to the touch and the perfect pairing for its ultra-modern base design. Artfully crafted, the bent forms that make up the base configuration are carefully constructed to a seamless finish, with the highest quality possible. Such nuanced elements put Vero in a class by itself and create a welcoming environment for stimulating creativity, taking a private moment to catch-up or simply enjoying casual conversations.
