NUCRAFT

2019

made.

Nucraft takes pride in its handcrafted-ness — a manufacturing plant that feels like a wood shop, where specials are commonplace, meticulously sculpting beautiful furniture down to every detail.

Nucraft pieces are not produced, they're made.

DANI ARPS  
Founder + Principal

Known on the NYC tech scene as the interior designer of choice, Danielle has a uniquely eclectic, yet slightly industrial, take on design. She has displayed her expertise in the design of high-profile start-up spaces like SeatGeek, Codecademy, and Venmo. She has been named “Star on the Rise” by the renowned Decoration and Design Building Awards, chosen as part of “Curbed Young Guns” class of 2016, and named by House Beautiful as a “Next Wave Interior Designer.”

## E P O N O

E P O N O

Hardworking, clean, elegant. With a metal trim flush to its veneer frame, Epono effortlessly supports any modern working environment. Available in seated, standing or counter height, with a host of top surface materials including veneer, glass, felt, laminate, linoleum and porcelain. Spring-loaded handbag hooks simply move away when not in use, and with two recessed casters on one end, so can the table itself.
