

Meteor

the brilliance of lounge in motion

SEATING

great things happen in a chair

You are welcome to sit any
way you would like to sit.

Drop down. Rest back. Lean to the left. Lean to the right.
The cradling support of Meteor has your back. However
you like to sit. Or swivel. Or rock. Or sway. Meteor has that too.

Meteor

noun

*a small body of matter observable
as a brilliant streak of light.*

As in the brilliantly comfortable
collaborative/lounge/executive
guest rocking, swaying, 360° turning
experience packed into a small and
sleek, soft seating profile.

also see *shooting star, atmospheric
phenomenon.*

Yeah.

features

- Open shape for sitting any which way.
- Separate seat for contrasting upholstery.
- Four control options: fixed, swivel, rock & swivel, rock, sway & swivel.
- Companion ottomans available.
- 300 lb weight capacity.
- 6 year warranty.

Design by
Studio V

Studio V creates modern, sophisticated and original seating solutions that are ergonomic, beautiful and sustainable. This team of engineers and designers

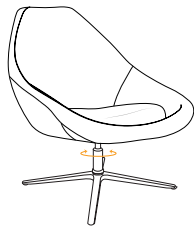

are based at the Via Seating Factory in Reno NV, where they develop products using a prototyping lab, the latest in 3D modeling software and a materials testing center.
