## storage

credenza with floating glass top

statement  
of line

credenza storage is available in 6 styles non handed, 60" and 72" widths with standard floating glass top.  
credenza cases are available in veneer and wood laminate

## accessories

## d series conference table

- 1 **glass table top** available in ultra clear and back painted glass with a 2mm beveled edge 1/2" thick in **Pure White** finish. glass tops are not secured to table frame and are placed on anti-slip pads that are adhered to the frame. if the glass table needs to be moved, remove the glass top prior to moving the table. d series conference tables are compliant with the requirements of the BIFMA 5.5 Desk Table Products standard for strength and stability tests.  
**wood laminate tops** are 1" thick with a matching 2mm ABS flat edgeband available in **Oxford White** finish. EPA Toxic Substances Control Act (TSCA) Title VI certified, tops are attached to table frame with fasteners.
- 2 **table legs** are brushed aluminum in **clear anodized finish**. leg end trim in plastic in black finish. leveling glides fabricated in carbon steel in chrome finish adjustable to 1 3/4".
- 3 **frames** fabricated in steel and powdercoated in **Posh Silver finish**.
- 4 **t shaped trims** in clear plastic are included inbetween glass top segments for protection.
- 5 **protective spacers** are included for glass tops on the center of the frames and on the corner connectors.
- 6 **cutouts** both powered and non-powered conference tables are only available with cutouts for all top segments.  
**grommets** included for non-powered table option powdercoated cast aluminum in **Posh Silver** finish. for powered table options, see power & data spec pages.
- 7 **cable trays** powdercoated in Posh Silver finish are included for 60" round and all double ellipse tables. cable trays are attached to two sides of the frame.

- 8 **cable column** available in **aluminum with clear anodized satin** finish. one cable column included for multiple segment tables with daisy chain powered system options.  
exception: two cable columns are included for four segment 60" depth tables with daisy chain plugin system option. cable column can be ordered separately for all other tables.

## d series conference table power & data

power & data for conference available in three different modules, each designed for a specific category of tables and used in one of three **preconfigured** powered systems: standalone plugin system, daisy chain plugin system and daisy chain hardwire system. all electrical components are UL certified.

**note:** power & data components not sold separately.

### round module

designed for round, square and single segment double ellipse tables as shown right, includes one 15A/120V AC simplex, two 2.0A/5V USB charging ports powdercoated in Pearl Silver finish.

application

**standalone plugin system** one module with corded plug for each cutout, each module plugs directly into a standard receptacle. module cord length 72". cable column ordered separately.

## d series conference table power & data

### rectangular single door module

designed for 48" depth double ellipse multiple segment tables as shown right, includes three 15A/120V AC simplex, two 2.0A/5V USB charging ports, one cable access plate, single retractable door powdercoated in Pearl Silver finish.

application

#### a. standalone plugin system

one module with corded plug for each cutout segment, each module plugs directly into a standard receptacle. module cord length 108". cable column ordered separately.

#### b. daisy chain plugin system

one module for each cutout segment, the system has one circuit and connects up to five modules with one plugin 72" power feed.

one cable column is included and can be mounted to inner cross members of frames for multiple segment tables to accommodate different locations of the floor monument.

#### c. daisy chain hardwire system

one module for each cutout segment, the system has two circuits and connects up to ten modules with one hardwire 84" power feed.

one cable column is included and can be mounted to inner cross members of frames for multiple segment tables to accommodate different locations of the floor monument.

## d series conference table power & data

### rectangular double door module

designed for 60" depth double ellipse multiple segment tables as shown right, includes six 15A/120V AC simplex, two 2.1A/5V USB charging ports, one cable access plate, double retractable doors powdercoated in Pearl Silver finish.

### application

a. **standalone plugin system** one module with two corded plugs for each cutout segment, each module plugs directly into standard receptacles. module cord length 108". cable column ordered separately.

b. **daisy chain plugin system** one module for each cutout segment, the system has one circuit and connects up to three modules with one plugin 72" power feed. exception: 60" depth double ellipse tables with four segments will have two plugin 72" power feeds.

one cable column is included for two and three segment tables and two cable columns are included for four segment tables.

cable columns can be mounted to inner cross members of frames to accommodate different locations of the floor monument.

c. **daisy chain hardwire system** one module for each cutout segment, the system has two circuits and connects up to six modules with one hardwire 84" power feed.

one cable column is included and can be mounted to inner cross members of frames for multiple segment tables to accommodate different locations of the floor monument.

## freestanding credenza

**1 wood veneer credenza**

available in **two finishes**, Sunrise Walnut and Midnight Ash. fabricated with premium hand selected natural walnut and ash veneer, quarter sliced and slip matched with matching wood edgeband. wood grain runs parallel to the length of all storage tops, wood grain runs vertical on all vertical storage surfaces, protected by waterborne finish for the common tops and an advanced UV-cured coating finish for the chassis in an open pore low sheen finish.

veneer credenza base units drawer, door and open come pre-assembled.

**2 laminate credenza**

**3 laminate credenza common tops** are available in **five finishes**, Pearl Gray, Oxford White, Autumn Oak, Sugarpine and Summer Walnut.

storage chassis is in **Oxford White**.

tops are 1" thick with a matching 2mm ABS flat edgeband.

all freestanding credenza laminate tops are packed separately.

laminate credenza base unit drawers come pre-assembled, door and open units require assembly

**all freestanding credenzas****4 floating glass tops**

in ultra clear, tempered and back painted glass in **Pure White finish** with a 2mm beveled edge 1/2" thick.

**5 support frame**

is fabricated in steel and powdercoated in **Posh Silver finish**.

**6 credenza pulls and locks** are in **chromium plated finish**.

grommets standard on the back panel for wire management.

leveling glides adjustable to 3/4".

all lockable storage available in **keyed alike** or **keyed random**. keyed alike and keyed random cannot be mixed on any individual order. see lock and key program page for details.

all wood substrate is EPA Toxic Substances Control Act (TSCA) Title VI certified
