AS CALMING AND RESTFUL AS ITS NAMESAKE.

Ruhe, named after the German word for "rest", is a minimalist, understated, multi-range seating collection envisioned by award-winning industrial designer Mike Shields. Thoughtfully crafted to evoke a home-like feel that is calming and comforting, its carefully selected design elements promote health and cleanability while offering superior durability and support for users. Suitable for a variety of public settings such as corporate waiting areas, hospitals, airports, and educational institutions, the Ruhe family is comprised of guest, patient, tandem, and lounge seating as well as several table options.
