

Hightower™

Proto Seating Collection

Proto is a series of curved upholstered chairs and seating pieces, working as a dynamic dwelling, referencing huts more than rooms with four walls. These designs take one's inclination to turn inward or outward and create mini environments to mimic those moments.

Defined by Detail

The soft curves and careful seaming elements on Proto are indicative of the attention to detail infused into the design of this series. Right at home in any lounge setting, Proto adds whimsy and playfulness, while creating a sense of comfort and security through its embracing structure.

Award-Winning Design

The winner of Interior Design Magazine's 2020 HiP Award for Best Hospitality Lounge Seating, this collection exudes high design while maintaining versatility and functionality for a wide range of spaces.

A Safe Corner In a Landscape Of Uncertainty

Merge beauty, comfort, and conversation-starting design with the Proto Collection from +Halle. Add these pieces to any lounge setting to instantly create a haven where people can't help but convene.
