

Hightower®

FourCast®2 Chair Collection

Timeless, durable, and affordable, the FourCast®2 Chair series is a highly customizable seating collection that is suited for countless solutions. Perfect for educational and corporate settings, these chairs meet the demands of high-use spaces while maintaining high design.

Form Meets Function

The iconic V-back design in FourCast®2 not only adds geometric interest, but contributes to a flexible and comfortable seat. The polypropylene material has enough give to adapt to a user while also being able to withstand high use and contributes to a modern and functional space.

Right for Any Space

From stack chairs, to stools, to mobile wheelers, the range of models in the FourCast®2 line enables them to be utilized in any scenario.

FourCast®2 FOUR Stacker

Design That Stacks Up

FourCast®2 was designed with practicality top of mind. With the capability to stack 30-high on a trolley and the option for easy linking, thoughtful details will not only create a visually-pleasing space, but one that makes users' lives easier.

Make it Your Own

With fully customizable options like arms, upholstery, base-style, and color, FourCast®2 can suit any space's needs. Whether specified for a vast auditorium, café, or conference room, the aesthetic and function of this collection is incredibly versatile.
