

Hightower™

K2 Collection

Inspired by the K2 mountain (the 2nd highest mountain in the world), the design of this unique, asymmetrical chair pays homage to the organic shape of its namesake - and keeps its shape no matter which angle you view it from. K2 adds character to any space. It evokes a playful spirit and invites you to participate in the fun with welcoming openness. Comfortable molded foam seat, available with stainless steel sled slide, 4-star swivel base with auto-return, or black four-leg base. Contrasting fabric available.
